Oslo:	L.B. Andersen – S. Anderssen – Y. Ommundsen
Vienna:	N. Bachl – A. Baca – H. Tschan – O. Weiss – B. Wessner
Guest Lecturers:	M. Aquilina (Malta) – M. Audiffren (Poitiers) – K. Blischke & N. Schott (Saarbrücken) – B. Dikkeboer (Groningen) – N. Geladas & V. Klissouras (Athens) – C. Kotzamanidis (Thessalonika) – J. Mackenna (Leeds) – J. Mota (Porto) – C. Riddoch (London), and others.

Program Coordinators:

Paolo Parisi (IUSM, Rome)
Norbert Bachl (Vienna) **Karsten Froberg** (Odense)
Sigmund Anderssen & Yngvar Ommundsen (Oslo) – **Christiane Wilke** (Cologne)

Admission: The program is addressed to students with at least 3 yr (180 ECTS) undergraduate education in sport science or related areas, with good knowledge of written and spoken English and adequate credentials. A total of 20 students will be admitted, with possible extensions in case of qualified applications. Wide international participation is encouraged.

Fees & Support: *Italian students.* Tuition fee, € 1400 per year (+ € 60 University taxes). The usual forms of support through *Diritto allo studio* are applicable. In addition, students may apply for an Erasmus or other mobility grant for the second-year Internship. For highly qualified students in situation of difficulty, grants can be offered by IUSM.

Students from the universities of Cologne, Odense, Oslo, Vienna are exempted from tuition fee, provided their status of student in good standing is certified, and may apply to their own institution for Erasmus or other mobility grants.

Other students. Tuition fee, € 1400 per year (+ € 60 University taxes), payable to IUSM as for Italian students. For highly qualified candidates with certified lack of resources and unable to get mobility grants or other support from own country, forms of support can be offered by IUSM.

Single Modules: Students of partner universities enrolled in a related second-tier program (e.g., *Laurea Magistrale* in Italy) may take parts of the program, obtain the corresponding credits, and have them recognised in their original program. Students from non-partner universities should first check with their own institution regarding recognition of credits and related arrangements.

Applications: Information requests and applications should be addressed to the local coordinators or to:

European Master / International Office
IUSM, Rome University of Movement Sciences
Piazza Lauro de Bosis 15, 00194 Rome-Foro Italico
Tel. +39.06.36733221 – Fax. +39.06.36733222
e-mail: europa.master@iusm.it (Diego Visentini) – Web site: www.iusm.it

Students from the universities of Bristol, Cologne, Leeds, Odense, Oslo, Vienna should apply through their own institution and will be selected by their respective local coordinators, subject to the number of positions available.

Students from IUSM and all other students should submit their application and documents to the above address in Rome, and may use the on-line application procedure (at www.iusm.it).

Applications should be received at IUSM not later than **10 September 2007**.

Applicants will be immediately notified about selection procedures, which will be completed by 17 September – two weeks before the beginning of the program, Monday 1 October.
