Tempus JEP Sept 2006 – Aug 2008

Coordinating Meeting, Tirana 27 – 30 March 2007

November 2006 – January 2007

- ➡ In this respect to have more support and outcomes we are involved in GARR Project (a project of Italian Cooperation + Italian Embassy + Ministry of Education) that is going to built up a Intranet between the HE Institutions of Albania and improving their institutional network.
- ➡ We have now all the official agreements between the Academy and all the stakeholders in Albanian: Ministry of Education and Sciences, Ministry of Culture, Sports and Tourism of Albania, Ministry of Health, Olympic Committee. In the same time those institution are involved now in the job market survey and in the discussion for the new curricula. For all transformation process is started, aiming at modernising internal structures of the Academy, administration and services, to be better in line with the university system of Albania and the Bologna Process.

Coordinating Meeting 2 Rome, 22 – 27 January 2007

- ▶ We report and discussed with European Partners about all our job covered between the period between Coordinating Meeting 1 in Tirana and the second one in Rome. Job-Market Survey on social and public health needs and the job market in sport-related activities that will be assessed. We discussed as well for an active involvement in this project for the other Albanian stakeholders in the way of achieving a successful implementation and impact. As well we have had many questions, suggestion and guidelines from the European Partners for the further tasks that are scheduled to be done in the next month coming. The visit in Rome allowed the possibility of the Albanian Team to see IUSM facilities and research labs and programs.

January – February 2007

- The survey regarding the job market is completed. We asked through questionnaires, and interviews three categories: A1. Graduates; A2. Operators – including Sport Federations, sport and health clubs and related organisations; A3. Students. All this supported by stakeholders and our Albanian partners in the same time for this project. A copy of this questionnaires was translated in English. We have discussed the steps undertaken and the next stages, so to help the analysis of the data and their implications for curriculum development.
